

Testimonials

'I just wanted to say thank you so much to both yourself and Greens Catering for your help and support for the wedding.'

Starting off with the Friday evening where you catered for us, and through the wedding itself. Feedback from everyone was that the food was the best they have ever tasted, and not only tasting good looked fantastic. My favourite the scallop canapés I am still dreaming about. Adding to that your flexibility, attention to detail, and overall professionalism of the whole team you really helped make our special day even more special.'

'In June 2015 we invited Greens back to cater for another corporate event – an evening buffet and drinks reception. Just as with our first experience with Greens in September 2014, the service they provided was seamless – from arrival and set up to the waiting staff, food and drinks, and finally to the clean-up – everything was handled with minimal fuss and effort on our part. You thought of everything, and were very capable and calm throughout the evening. My boss was particularly impressed that the floor was mopped before their departure! Thanks again for another great job.'

'Thank you so much for all your help. We had a wonderful day and so many people, just about everyone there, commented on how brilliant the food was. We are particularly grateful to you for sensitively accommodating some of our special requests in terms of people's meals: your help throughout has been much appreciated.'

'Thank you, from the menu tasting with you last year, I was very happy and felt very 'safe' both with you as our choice of caterers and the menu - I had no doubt that you would deliver a wonderful dinner. But, you surpassed my expectations. From the arrival of Olly on Friday all the way to the waiting staff arriving, to the phenomenal service and fantastic food. We have been inundated with complements - or I should say you have.'

Mike you are a superb chef and are supported by a wonderful team (especially Katie) Again, thank you.'

'I am writing this testimonial for Greens Catering, as our experience when utilising their catering services at a recent event was exemplary.'

Every two years we undertake the busiest and most important event in our two year event calendar, at the Farnborough air show, supporting a number of international aerospace and Defence clients. These clients look to us to manage and provide their catering requirements for the 10 days in which they attend the event.

In July 2014, CLE Ltd sought the support of Greens to supply both the buffet and plated lunch catering, delivered fresh on a daily basis. We found Mike and his team to be punctual, courteous and very flexible in adapting to our needs, at a show which has a very limited access times and stringent security procedures. Mike was willing to adapt his kitchen to meet our client's specific food requests and we found his approach very refreshing.

At the Farnborough Air Show, we have a two hour window for each day in which to receive our deliveries and it is extremely important that the items being delivered are accurate to the order, which I am pleased to say they were each time. In addition to this, the food that greens provided was to a consistently high level. Greens provided the food for nearly 12,000 covers over the course of 10 days (most of this was in a five day period).

Both my business partner and I were pleased with the support that was provided by Mike Green and the team at Greens Catering and would not hesitate offering a recommendation.'

Managing Director of CLE Prep to Pass 2014

'Our daughter's recent wedding was an all day affair held in our garden making the catering quite a complex task for Mike and his team as they had to create a street food for the afternoon and an evening meal for around 130 guests.'

It all went down really well: dishes such as Thai curry and noodles with drinks were served in the garden and went down really well through the afternoon. And in the evening the party continued under canvas.

As might be expected, that evening the formal wedding breakfast catering was absolutely up to expectations, once again Mike pulled out all the stops to finish the day on a high. We'd definitely recommend and use Mike again for up scale catering delivered at an individual personalised level.'

'Wow, you guys did such a great job for us on Saturday! Our guests were blown away by your dishes (they were raving about it all night), the serving staff were brilliant, and you helped us out massively on the glassware issue. We really could not have been happier; everything was perfect. The fact that you came all the way from Oxford to be part of our day just makes us even more appreciative.'

'From tasting to the delivery on our big day, all was perfectly organised and delivered with nothing being too much trouble. Both Carys and Mike were helpful with ideas, professional with delivery and flexible with changes. The food exceeded our expectations and our guests still continue to praise the meal weeks after the wedding. We would have no hesitation in recommending Greens for your wedding catering.'

'A huge thanks for everything the other night. The food was superb with many many excellent comments received from everyone. It really was delicious and wonderfully presented. Your staff were excellent and very attentive, and I really didn't have to worry about a thing. It's such a delight when an event runs so well, and I have to say it really was the least stressful evening I think we've ever had. This was a sure result of the wonderful service provided by you and your team.'

Please do share our thanks with everyone. It would be a delight to work with you again in the future and needless to say, the next time we have an event in Oxford we'll be in touch.'

'How can I begin to thank you for catering for my 60th birthday party? As I know you were aware there were some difficult people to please sitting round the table and worse still a few who know a little about catering, food and wine. You exceeded my expectations. The meal was outstanding; the menu was very largely your recommendations and every mouthful from the utterly delicious canapés through every course to the purely decadent chocolate dessert with the sublime lemon jelly and crunchy peanut brittle surpassed anything I had hoped for.'

All of our friends, even the most knowledgeable and difficult have written to say it was amongst the best or maybe even the very best dinner they have ever been to.'

Please pass on my thanks to Adam – you make a great team and if you ever need a reference do not hesitate to ask.'

'Just to say thank you for the really fantastic dinner you and your team provided on Saturday night. The canapés were a triumph and the dinner was as near perfect as possible. The bride was thrilled with it all and so too were her parents! All the flavours were well balanced and the comments ranged from good to excellent to "the best ever"....you cannot ask for more than that! Many thanks again for a really great job well done.'
